---

**Full stack web developer** with a solid background in Business Administration (university degree) and Full-Stack Development certification from the Soy Henry bootcamp. I have skills in teamwork, creativity, proactivity, effective communication, critical thinking, organization and empathy.

Specialized in Front-end and Back-end development, proficient in technologies such as HTML, CSS, JavaScript, React, NodeJS, Express, PostgreSQL, Git, Scrum, Figma, among others.

Practical experience in full-stack web application projects, having participated in both front-end and back-end development, consuming APIs and managing databases.

Management of additional tools such as Nodemailer, MercadoLibre, Stripe, Auth0, Firebase, Railway, Vercel.

Self-taught with analytical skills and focus on innovative solutions. I am looking to join a development team to apply my knowledge and continue to grow professionally.

Intermediate English level.
